No problem Steve. Sorry for the late response. My email has been bombarded this week and slowly working my way through. Please do not hesitate to call if I am not quick to respond to emails.

Also, would you be available sometime next week to talk about where we stand on the Work Plan and a tentative schedule for some of the remaining sampling events. I am available most of the week at any time except the afternoon of Tuesday. Just want to touch base.

Thank you and I hope all is well.

Good Morning Mr. Tink,

Delivery by CD would be more than welcome.

Thank you,

JJ Justice

Subject: Eisenbarth EPA 15.a.ii Report - Request for modified data delivery

Mr. Justice,

The data for the upcoming Eisenbarth Section 15.a.ii report is significant and Statoil requests that the data tables be submitted by CD. Hard copies would be submitted for the primary document and attachments, with the exception of the lab tables. As I understand, the printed out copies would be more than 28 ft. on plotter paper.

Thank you for your consideration.
